

Work Group Meeting Abstracts – September/October 2003

Land Use, Land Management and Aesthetics Work Group – September 22, 2003

- Discussed development of a Fuel Loading Management Plan as a potential resource action and clarified that the major concern relates to the public (wild land) and private land interface.
- Received updates on all land use studies underway.
- Reviewed resource action matrix and made revisions or clarifications to descriptions.
- Next Land Use, Land Management and Aesthetics Work Group meeting: Monday, October 27, 2003, 6 pm – 10 pm, Oroville.

Environmental Work Group – September 24, 2003

- Reviewed content and intent of narrative reports. Reviewed EWG-2A and EWG-15A reports.
- Received updates on activities of Fisheries and Terrestrial task forces.
- Discussed grouping resource actions into programs.
- Received methodology update on SP-F10, tasks 1A, 1B, and 2D.
- Received reports on SP-T8, SP-F8, SP-3.2 task 3A, SP-W1, and SP-W3.
- Next Environmental Work Group meeting: Wednesday, October 29, 2003, 9:00 am – 3:30 pm, Oroville Field Division.

Recreation and Socioeconomics Work Group – September 25, 2003

- Updated on effort by JPA to coordinate trails issues into single trails plan.
- Reviewed and revised resource action matrix with additional resource actions since last meeting and results of prioritization and newspaper tally, resulting in 'A' and 'B' lists.
- Received presentation that organized resource actions by geographic area and discussed focus for individual geographic areas and potential actions.
- Received input from JPA on their priority list and edited the presentation to reflect the JPA priority actions.
- Next Recreation and Socioeconomics Work Group meeting: October 16, 2003, 5 pm – 10 pm, The Depot, Oroville.

Recreation and Socioeconomics Work Group – October 16, 2003

- Reviewed and discussed four lists prepared by DWR and consultants: Trails list, 'A' list, 'B' list, and settlement issues list.
- Received DPR priority list.
- Continued development of resource action matrix.
- Next Recreation and Socioeconomics Work Group meeting: Thursday, October 30, 2003, 5 pm – 10 pm, Kelly Ridge Golf Course Meeting Room, Oroville.

Engineering and Operations Work Group – September 26, 2003

- Reviewed SP-E4 deliverables and relationship of relicensing to other flood control activities underway within DWR outside of the relicensing effort.
- Discussed Butte County's proposed resource actions.
- Received update on the refinement of potential model scenarios and discussed changes.
- Continued discussion of relationship between model runs and proposed resource actions.
- Next Engineering and Operations Work Group meeting: October 31, 2003, 10 am – 3 pm, Oroville Field Division, with video and teleconference capability.

Cultural Resources Work Group – September 16, 2003

- Received update on study plan implementation.
- Discussed debris collection activities and potential to adversely affect cultural resources.
- Discussed the potential to adjust the boundaries for the Area of Potential Effect (APE).
- Reviewed and revised resource action matrix.
- Agreed to review resource action information forms for discussion at next work group meeting.
- Next Cultural Resources Work Group meeting: October 21, 2003, 5:30 pm – 9:30 pm, Mooretown Rancheria.

Cultural Resources Work Group – October 21, 2003

- Reviewed resource action matrix and list of actions considered to be enhancements and list of actions considered to be potential mitigation or protection activities under Section 106.
- Agreed on list of actions to submit to Plenary Group and PDEA team for analysis.
- Next Cultural Resources Work Group meeting: December 9, 2003, 5:30 pm – 9:30 pm, if necessary.
